
PAMELA BONIFAY PEELE, PH.D.

Curriculum Vitae

March 2009

ADDRESS

Office: UPMC Health Plan
Suite 1100, Two Chatham Center
112 Washington Place
Pittsburgh, PA 15219
Phone: 412-454-7952 Fax: 412-454-7527
E-mail: peelep2@upmc.edu

Citizenship: United States of America

EDUCATION AND TRAINING

Undergraduate

1980-1987	Virginia Western Community College, Roanoke, VA	A.S., 1987	General Studies
1987-1989	Roanoke College, Salem, VA	B.A., 1989	Economics

Graduate

1989-1990	Virginia Tech University, Blacksburg, VA	M.A., 1990	Economics
1991-1994	Virginia Tech University, Blacksburg, VA	Ph.D., 1994	Economics

APPOINTMENTS AND POSITIONS

Academic

1991-1994	Instructor	Economics Department, Virginia Tech University, Blacksburg VA
1994-2002	Assistant Professor (primary appointment)	Department of Health Services Administration, Graduate School of Public Health, University of Pittsburgh, Pittsburgh PA
1994-1997	Core Faculty	University of Pittsburgh Cancer Institute, University of Pittsburgh, Pittsburgh PA
1994-Present	Core Faculty	Center for Research on Health Care, University of Pittsburgh, Pittsburgh PA
1996-1998	Core Faculty	Stanley Center for Innovative Treatment of Bipolar Disorder, Western Psychiatric Institute and Clinic, Pittsburgh PA

1998-2006	Core Faculty	Occupational Medicine Residency Program, Graduate School of Public Health, University of Pittsburgh, Pittsburgh PA
1999-2003	Assistant Professor (secondary appointment)	Department of Psychiatry, School of Medicine, University of Pittsburgh, Pittsburgh PA
2002- 2003	Assistant Professor (secondary appointment)	Department of Behavioral and Community Health Sciences, Graduate School of Public Health, University of Pittsburgh, Pittsburgh, PA
2003-Present	Associate Professor (primary appointment)	Department of Health Policy & Management, Graduate School of Public Health, University of Pittsburgh, Pittsburgh, PA
2003-Present	Associate Professor (secondary appointment)	Department of Psychiatry, School of Medicine, University of Pittsburgh, Pittsburgh PA
2004-2006	Vice Chair	Department of Health Policy & Management, Graduate School of Public Health, University of Pittsburgh, Pittsburgh, PA
2004-Present	Core Faculty	RAND-University of Pittsburgh Health Institute, Pittsburgh, PA

Non-Academic

1975-1987	Chief EEG Technologist	Veterans Administration Hospital, Salem Virginia
2006-Present	Vice President, Health Economics	UPMC Health Plan, Pittsburgh, PA

MEMBERSHIP IN PROFESSIONAL AND SCIENTIFIC SOCIETIES

(Initial membership date)

1992	Southern Economic Association
1993	American Economic Association
1993	Committee on the Status of Women in the Economic Profession
1994	Association for Health Services Research (AcademyHealth)
2000	International Association for Research in Economic Psychology
2000	Society for the Advancement of Behavioral Economics
2001	Delta Omega, Honorary Society in Public Health
2002	Population Association of America
2002	Society of Medical Decision Making
2004	International Health Economic Association
2004	American Society of Health Economists
2004	International Society for Pharmacoeconomics and Outcomes Research

HONORS

- 1987 Summa Cum Laude, Virginia Western Community College
- 1989 Magna Cum Laude, Roanoke College
- 1989 Outstanding Student in Economics, Roanoke College
- 1989 Elected member, Phi Honor Society
- 1993 Graduate Teacher of the Year, Department of Economics, Virginia Tech University
- 1993 Outstanding Teaching Award, Virginia Tech University
- 1994 Invited Session for Outstanding Graduate Research, Omicron Delta Epsilon
- 1999 Research selected for Outstanding Collaboration Between Academia and Practice Session, Association of Schools of Public Health
- 2001 Elected Member, Delta Omega, National Honor Society for Public Health
- 2002 Faculty Honoree, Honors Convocation, University of Pittsburgh
- 2002 Who's Who in America
- 2003 Who's Who of American Women
- 2003 Who's Who in Health Sciences
- 2004 Elected Fellow, Centre Interuniversitaire de Recherche en Analyse des Organisations, Montreal, Canada
- 2010 Who's Who in America

PATENTS

- 2008 Workplace Absenteeism Risk Model, patent pending.

PROFESSIONAL ACTIVITIES

Teaching

Courses Taught

1991-1993	Econ 2006: Principles of Macroeconomics (Virginia Tech University) ▪ 3 Credits; 25-107 students per class
1993-1994	Econ 4214* : Economics of Health Care (Virginia Tech University) *New course I developed for upper-level undergraduates and graduate students. ▪ 3 Credits; 22-25 students per class
1995-1997 1999-2002 2004-2005	HSADM 2125: Health Economics (University of Pittsburgh) <i>Core course in the Master of Health Administration program.</i> ▪ 3 Credits; 11-46 students per class
1996-2005	HSADM 2037,2205,2037,2521 Independent Studies, Practicum, Essay Supervision (University of Pittsburgh) ▪ Variable Credits
2004	HPM 2028: Microeconomics for Health Administrators (University of Pittsburgh) ▪ 3 Credits, 10 students

Graduate Students

Primary Advisor on Masters Committees

- MPH, 1998 Andrea Francis, MD
Essay: "Evaluation of back belts in the work place"
▪ Current Position: Physician in OB/GYN
- MPH, 1999 Benjamin Phillips, MD
Essay: "Impact of captiated financing on work-related knee injuries"
▪ Current Position: Physician in Emergency Medicine
- MHA/MPH, 2000 Tamara M. McLaughin
Essay: "Minority participation in breast cancer clinical trials"
▪ Current Position: Audit Program Manager at NSABP
- MPH, 2000 Mary Kay Margolis
Essay: "Ethical considerations: clinical trials in emergency rooms"
▪ Current Position: Program Manager at MEDTAP Intl
- MPH
2002 Mary McKay, MD
Essay: "Impact of graduated drivers' license system on teens and families"
WINNER: Delta Omega Master Essay Prize
▪ Current Position: Physician, Boston General Hospital
- MPH
2004 Gene Ginchereau, MD
Essay: "Depression and occupational back injury"
▪ Current Position: Medical Director, HAPPI Occupational Clinic, St. Francis
- MHA, 2003 Audra Reeves
Essay: "Separate & Unequal: Mental Health Insurance"
WINNER: Delta Omega Master Essay Prize
Current Position: Fellow, Presby Senior Care
- MHA, 2004 April Taylor
Essay: Depression among healthcare providers and patient safety
Current Position: Hospital Quality Manager, Delaware
- MHA, 2004 Gosia Malinowska
Essay: Root Cause Analysis in Health Care Setttings
- MHA, 2005 Heather Barr
Essay: Financial Turnaround in a Non-profit Assisted Living Home
Current Position: Program Manager, UPMC Health Plan
- MHA, 2005 Malay Gandhi
Essay: Financial Models to Estimate the Impact of Employee Health Improvement Program
Current Position: Analyst, Deloitte Consulting

MHA, 2006 Kaneen Allen
Essay: Colon cancer screening.

Service on Doctoral Committees

1997-1998 Victor John Catullo, MD, MPH (Department of Environmental/Occupational Health)
Essay: "Comparison of outpatient medical services provided to Philadelphia police, streets, and fire department workers for acute back injury after conversion from fee-for-service to a managed care plan"

2004-2006 Felicia Bayer, Doctoral candidate in Environmental/Occupational Health

2005-present John O'Donnell, RN, Doctoral candidate in Epidemiology
"The use of lift training on work-related injuries in direct patient care"

2008-present John McGee, Doctoral candidate in Rehabilitation Sciences "Cost-effectiveness of protocol based approach to low back pain"

Other Teaching and Training

Dates	Program/Description and Teaching Activity
January 2000	MHIRC Clinician Workshop, University of Pittsburgh Medical Center, Invited Speaker <ul style="list-style-type: none">▪ Workshop presentation "The Use of Economic and Cost-Effectiveness Analyses in Behavioral Healthcare Research"
May 2000	Center for Disease Control, Developmental Workshop on ADHD, Invited Speaker
September 2005	Invited Lecturer, Basic Science of Care, University of Pittsburgh Medical School, Pittsburgh PA
Spring 2006	Invited Facilitator, Basic Science of Care, University of Pittsburgh Medical School, Pittsburgh PA

Research and Training
Grants and Contracts

PRINCIPAL INVESTIGATOR

WORK-RELATED MOTOR VEHICLE CRASHES: REDUCING THE BURDEN

Grant # OH-0341905A1 (PI: Pamela Peele)	09/01-09/05	40% Effort
National Institute of Occupational Safety & Health	\$675,000 (Direct Costs)	

This project aims to quantify the amount of co-morbidity associated with work-related motor vehicle crashes and to develop models to identify predictors of high co-morbidity based on driver characteristics as well as vehicular and environment characteristics.

HEALTH SERVICES WRITING PROJECT

(PI: PAMELA PEELE)	07/03-06/05	CONTRIBUTED
UNIVERSITY CENTER FOR SOCIAL AND URBAN RESEARCH	\$6,000 (DIRECT COSTS)	

Pilot project designed to assist junior level, discipline-trained researchers to write to the multidisciplinary audiences of health services researchers

DEPRESSION AND WORKPLACE INJURY

Grant # MH30915 (PI: Pamela Peele)	12/00 – 11/02	10% Effort
Mental Health Intervention Research Center	\$10,195 (Direct Costs)	

Pilot project funded by Mental Health Intervention Research Center for Mood Disorders (PI: David J. Kupfer)

This project explores the relationship between depression and occupational injury by screening newly injured employees presenting at an Occupational Medicine Clinic for depression and comparing the rates of self-reported depression to a control group of uninjured employees.

MHCRC FOR THE STUDY OF AFFECTIVE DISORDERS

Grant # 5P30MH30915 (PI: Pamela Peele)	09/99-11/02	15% Effort
Mental Health Clinical Research Center	\$52,926 (Direct Costs)	

This project supports the primary function of a center grant from National Institute of Mental Health focused on understanding economic barriers to clinical implementations of effective treatment for affective disorders.

CLAIMS-BASED SURVEILLANCE TO IDENTIFY INJURY PRECURSORS

Grant # 1RO1OH04020 (PI : Pamela Peele)	09/99-09/02	15% Effort
National Institute for Occupational Safety & Health	\$239,720 (Direct Costs)	

IDENTIFYING INJURIES IN A MUNICIPAL WORKFORCE

Grant # 10367007 (PI: Pamela Peele)	10/97- 06/99	10% Effort
Center for Injury Research and Control CIRCL	\$14,701 (Direct Costs)	

This pilot project examines workers' compensation claims to determine the nature of injuries among a special class of workers - municipal employees.

ANALYSIS OF CAPITATED PAYMENTS IN WORKERS' COMPENSATION

Grant # 5RO1OHO3419 (PI: Pamela Peele)	09/96 – 09/00	20% Effort
National Institute for Occupational Safety & Health	\$204,859 (Direct Costs)	

This project investigates the effect of using capitated provider payments on the use and cost of workers' compensation claims.

CO-PRINCIPAL INVESTIGATOR

ECONOMIC IMPACT OF ADVANCED MS ON FAMILIES

Pending review : National MS Society (S. Allen PI) 07/06-06/07 10% Effort
 \$150,000 (Direct Costs)

This project evaluates the impact of severe MS on housing, education/career/job choice, and social networks of the households and families of individuals with severe MS.

HOMEBOUND ELDERLY: MAINTAINING POST-TREATMENT CONTINENCE

Grant # 5RO1NRO4304 (PI: S. Engberg) 09/98-05/02 5% Effort
 National Institute of Nursing Research \$1,710,094 (Direct Costs)

This project implements and evaluates the use of a relapse prevention intervention for the homebound elderly who receive urinary incontinence therapy.

Grant # 5RO1NRO4304 (PI: S. Engberg) 09/98-05/02 5% Effort
 National Institute of Nursing Research \$1,710,094 (Direct Costs)

This project implements and evaluates the use of a relapse prevention intervention for the homebound elderly who receive urinary incontinence therapy.

BEHAVIORAL HEALTH CARE: CONTRACT DESIGN

Grant # 1RO1MH56925 (PI: Judith Lave) 04/97- 03/01 35% Effort
 National Institute of Mental Health \$784,984 (Direct Costs)

This project involves the construction of a large national database of employment-based managed behavioral health care contracts, evaluating the differences in contracts and the impact of contracts limits on access, use, and cost of behavioral health care.

CHANGES IN EMPLOYER-OFFERED HEALTH INSURANCE: FIRMS' DECISION MAKING & EMPLOYEE SATISFACTION

Grant # 029673 (PI: Judith Lave) 09/96-08/99 40% Effort
 Robert Wood Johnson Foundation \$314,842

This project examines the health insurance preferences of employees and large employers along with the actual health insurance offerings by employers. The project addresses the question of whether employers are good agents for their employees in the health insurance market.

OTHER FUNDED RESEARCH

HEART FAILURE HOME CARE

Grant # 08C915093 (PI: Arthur Feldman) 09/01-08/06 10% Effort
 Centers for Medicare & Medicaid Services \$2,348,863 (Direct Costs)
 (Formerly HCFA)

This project evaluates the impact of a home-based disease management system on health outcomes for Medicare recipients with congestive heart failure. The project includes a cost analysis and health policy assessment.

IMPROVING MEDICATION ADHERENCE IN COMORBID CONDITIONS

Grant # 1R01DK59048 (PI: Jackie Dunbar-Jacobs)	09/00-09/05	5% Effort
National Institute of Diabetes and Digestive and Kidney Disorders	\$1,750,000 (Direct Costs)	

This study evaluates a medication adherence intervention on individuals with type 2 diabetes and concurrent hypertension and hyperlipidemia.

EFFECTIVENESS OF COMMUNITY SERVICES FOR CONDUCT PROBLEMS

Grant # 5R01MH57727 (PI: David Kolko)	07/98-06/03	5% Effort
National Institute of Mental Health	\$2,026,489 (Direct Costs)	

This project implements a community-based intervention for children identified with oppositional defiance disorder and evaluates the intervention's impact on clinical outcomes, social outcomes, and costs relative to clinic-based interventions.

RHEUMATOID ARTHRITIS: ADHERENCE INTERVENTION STRATEGIES

Grant # 5R01NRO4304 (PI: Jackie Dunbar-Jacobs)	06/98-02/02	5% Effort
National Institute of Nursing Research	\$1,031,585 (Direct Costs)	

This project focuses on the implementation and evaluation of a telephone intervention on medication adherence, clinical outcomes, and cost in patients with rheumatoid arthritis.

BIO-MEDICAL APPLICATIONS FOR HIGH PERFORMANCE COMPUTING AND COMMUNICATIONS

Grant # N014M43507 (PI: Henry Lowe)	01/97-08/98	5% Effort
National Library of Medicine	\$1,124,000 (Direct Costs)	

This project implements and evaluates an Image Engine technology that makes manipulible diagnostic medical images available on-line via PCs to medical providers and referring physicians. An assessment of the impact of this technology on labor resources is included as a case study.

BREAST CANCER ADJUVANT THERAPY IN OLDER WOMEN

Grant # 5R01CA74136 (PI: Laura Siminoff)	09/96-08/00	15% Effort
National Cancer Institute	\$2,515,943 (Direct Costs)	

This project assesses the impact of using a decision assistance instrument that provides information on adjuvant therapy to newly-diagnosed, elderly women with breast cancer. The cost of providing detailed information is considered along with differences in treatment decisions between the intervention and control groups.

Invited Lectureships

Date	Venue and Title of Presentation
May 2000	International Conference, American Thoracic Society, Toronto Canada <ul style="list-style-type: none">▪ Invited Lecture: Economic Considerations in Treating Obstructive Sleep Apnea
May 2000	Developmental Workshop on ADHD, Center for Disease Control, Atlanta, GA <ul style="list-style-type: none">▪ Invited Featured Participant: Public Health Issues in ADHD
October 2000	NIH Sponsored Workshop: Methodological Issues in Studies of Adherence, Pittsburgh PA <ul style="list-style-type: none">▪ Invited Workshop: Cost-effectiveness of treatment adherence
June 2003	5 th International Bipolar Conference, Pittsburgh PA <ul style="list-style-type: none">▪ Invited “Ask the Expert” Series Speaker: Financing Bipolar Care
May 2004	American Heart Association Research Conference, Invited Keynote Speaker, Washington DC.
May 2004	Centre for Interuniversity Research Analysis on Organizations, Montreal Can <ul style="list-style-type: none">▪ Invited Seminar: Economics and Adherence
October 2005	Society for Medical Decision Making Conference, San Francisco CA <ul style="list-style-type: none">▪ Invited Symposium: Applied Decision Models
May 2007	Center for Business Innovation, Boston MA <ul style="list-style-type: none">▪ Invited Speaker on Business Intelligence & Analytics Panel
May 2008	CFO XVI Summit, Boca Raton <ul style="list-style-type: none">▪ Invited Speaker on Health and Human Capital
January 2009	Predictive Modeling for Underwriting, World Research Group, Orlando <ul style="list-style-type: none">▪ Invited Speaker on Constructing Portfolios of Risk
